Operation Encompass Safeguarding Statement

Operation Encompass is a national police and education early intervention safeguarding partnership which supports children who experience Domestic Abuse.

- Children were recognised as victims of domestic abuse in their own right in the 2021 Domestic Abuse Act.
- There is a legislative requirement for police forces to share information with educational settings through Operation Encompass.
- Through Operation Encompass the police will share information with our nursery setting about ALL police attended domestic abuse incidents which involve any of our children who are related to either of the adults involved in the incident.

Whistleblowing Public interest disclosure –

Summertime's Whistle blowing procedure encourages workers to disclose information through appropriate channels and supports the principles and legislation which protects whistle blowers from any form of victimisation. Whistleblowing applies where a worker is making a disclosure regarding offences about poor or unsafe practice that could cause harm and risk to safety. All staff are made aware of this through the Staff handbook.
