

Tapestry Consent Form

Dear Parents,

At Summertime we use an on-line system called Tapestry to record your children's progress. This is a secure educational system accessible only by password. As parents you are able to have access to your child's learning journey on Tapestry and add your own comments and observations regarding things your child is learning at home. At your consent grandparents can also have access to Tapestry.

Please complete the form below giving the name, relationship to your child, and an email address for each family member you wish to have access to your child's learning journey.
